

FRONT-END DEVELOPER

PROFILE

I'm a front-end developer experienced in developing projects with vanilla Javascript and a friendly user experience. I am a gas engineer, however, a while ago, I decided to switch careers. I want the opportunity to apply my knowledge, learn from you and provide value to this company.

EXPERIENCE

PERSONAL PROJECTS **My javascript applications.**

A site dedicated to storing all the applications I have built with vanilla Javascript, In this site, you find the following apps.

- Save Your Resources (Save your resource links).
- Movie App (Using Movie db API).
- Teen Titans Memory Card (Game).
- Snake Game (Manipulation of the HTML canva)

English Club Landing Page.

This Landing page delivers information about how to join the club, contact information, pricing, what is needed in order to effectively watch the video lessons.

Zumba with Alexa

Landing page created for a Zumba instructor in New York, deliver information about benefits of Zumba, classes, and contact information.

English Teacher Damarys (Learning Plataform - wordpress)

Users can learn English in an easy and intuitive plataform, with interactive and self correcting excercises.

SKILLS

- Html, CSS, Javascript.
- SASS.
- Figma.
- Version Control (GIT).
- Github.
- Wordpress.
- Responsive Design
- Basic UI.
- Advanced English and Spanish.
- Motivated.
